How well does your home and neighbourhood work for you?

WIN £100!

We are asking residents of new homes built since 2004 to take part in a special study to find out:

- What works well about your home and neighbourhood?
- What doesn't work so well?
- If you built your home again, how would you change it?

Tell us what you think...

Call: 0800 988 2823 (Freephone)

Email: engage@bridge-group.co.uk

Online: www.westoxonhomeviews.ning.com

In return for your time and views, we'll enter you into a prize draw for £100 in shopping vouchers.

Or contact us to take part in a one-hour telephone conference, linking up residents across the district - £15 voucher for each participant. Places are limited.

Your views will influence the homes of the future and help to identify and address any current issues in your area. For more information visit: www.westoxon.gov.uk
